Her lifelike skin glows in the dark

It was the 1950s and reports of UFOs flooded U.S. newspapers. The pilots? Humanoid lifeforms, only four or five feet tall, with giant black eyes and bright green skin. Researchers dubbed these beings "Little Green Men," and since then they have become one of the most iconic species of aliens in UFO lore. And now one of their offspring can be yours! Introducing Lumina, a one-of-a-kind baby alien doll, available exclusively from Ashton-Drake.

Once you encounter Lumina, you'll never be the same. Her handcrafted vinyl skin glows in the dark and is accented with realistic markings. Her eyes, too, are true to firsthand accounts—glossy, black, and alive with the secrets of the universe. Then, so you can position her in any number of unearthly ways, her 16" body is poseable with a moving head, arms, and legs. Even her hands and feet are otherworldly with only four fingers and three toes on each! Finally, to keep her warm (and hidden from researchers!) she comes with a custom blanket that shimmers as brightly as the stars she calls home.

She's sure to abduct your heart. Order today!

You can reserve Lumina for the out-of-this-world price of only \$99.99*, payable in four installments of \$24.99 each, backed by our 365-day guarantee. Welcome this unique specimen home today!
